The Markets and Business.

The New York Market for Breadstuffs declined yesterday, though a fair business was done at the reduced rates. The Money Market, under the gloomy tidings from Philadelphia, was very stringent, and there was a general fall in stocks.

Our market opened brisk, yesterday, and all the wheat offering was readily taken at an average of 83 cents for club. There was no scarcity of currency, and quite a good feeling among buyers. In the afternoon the New York and Philadelphia news gave a downward turn to both prices and feelings.

More Bank Failures.

The telegraph yesterday, reported the failure of the GIRARD BANK and the BANK OF PENNSYLVANIA, two of the heaviest banking institutions in Philadelphia. It is feared that these Bank failures will cause no little difficulty and distress in that city.

The FOX RIVER BANK, located at Green Bay, in this State, has also failed. Its capital was $50,000, and its circulation, on the 1st of July last $25,000, which was thus secured:

Virginia 6's	$10,000
Tennessee 6's	14,000
Missouri 6's	3,000
Specie	600
Total	$27,500

Our City Banks, yesterday, threw out the notes of the FOX RIVER BANK, as they do those of the ROCK RIVER BANK, of Beloit, and the FARMERS' BANK, of Hudson. There cannot, however, be much loss on the bills of these Banks.

The Fox Lake Bank.

The *Wisconsin* of last evening erroneously states that

"The Fox Lake Bank is not received on deposit by the Banks of this city."

This is a mistake. It is the *Fox River Bank* at Green Bay, and not the *Fox Lake Bank* that is discredited.

Attention, Democrats!

The N. Y. *Day-Book* is the most courageous and plain-spoken of the Northern organs of Democracy. Seeing the inevitable tendency of its party to the side of Slavery, and being determined to stand boldly by the ultra-Slavery men, for weal or woe, that paper, in a late issue, thus speaks of Mr. BUCHANAN'S letter to the New England memorialists:

Mr. Buchanan has frankly and manfully spoken the very word that was needed, that the country, above all that the Democratic party required, in order to be understood—to be able to defend itself successfully—to win the great contest of 1860 and save the Union. He says, UNDER THE CONSTITUTION, "SLAVERY EXISTS IN KANSAS AND ALL OTHER FEDERAL TERRITORIES."

In the face of this declaration of Mr. Buchanan—the head and authorized exponent of the Democratic party—we trust the miserable subterfuges and double dealings of petty politicians will disappear, and all honest and honorable men professing to be Democrats and supporters of the Administration, will stand fair and square on the ground thus occupied.

The attention of those Democrats who last fall supported Mr. BUCHANAN on the ground that Slavery was to be kept out of Kansas by the glorious operation of the doctrine of squatter sovereignty, is invited to the *Day-Book's* natural interpretation of the President's letter. The *Day-Book* is right, as any one can see, in its interpretation, and the Democracy of Wisconsin are expected to "stand fair and square on the ground" laid down by the President—that SLAVERY BY THE CONSTITUTION, HAS THE RIGHT TO OCCUPY EVERY FOOT OF THE TERRITORIES of the United States! The doctrine is a monstrous one—disgraceful to the country, and to the civilization of the age. Yet the Democracy of Wisconsin are expected to sustain it!

Another "Flam."

The Madison *Argus*, in its turn, carrying out the programme, makes a great ado in the way of a ponder where the $10,000 contingent fund is, which was appropriated last winter to the Governor, for various expenses. The probability is that a good deal of it has gone to pay expenses which Gov. BARSTOW left unpaid; but at all events, Gov. BASHFORD will doubtless satisfy all inquiring minds when the proper time comes for making his report the Legislature.

The *Argus*, however, incautiously makes an admission which recoils upon its friends. It says:

This is the largest amount ever appropriated in a single year for contingent expenses alone.—One appropriation for a like amount was made to Gov. Barstow, but was for his use in re-organizing the School Land Department and establishing a separate office for the sale of School Lands. The $10,000 appropriated to Bashford was to pay contingent expenses alone.

If the $10,000 to Gov. Barstow was appropriated for the School Land department, he certainly found other use for the funds; for, by Secretary GRAY'S Report for 1856, page 42, it is seen that the clerks were paid $8,600 out of the School Fund for the purpose of "organizing, &c." Try again!

THE ROCK ISLAND BRIDGE CASE.—The jury in this case, for some time past on trial in Chicago, have been discharged, being unable to agree.

A MEMBER OF THE CANADIAN PARLIAMENT SHOT.—On Thursday afternoon, about a quarter past one o'clock, Mr. James Platt, one of the members of the Canadian Parliament for Oldham, was accidentally shot, on the moors, at his estate, near Greenfield, Saddleworth, and the wound proved fatal in little less than an hour afterwards.

PROVIDED FOR.—James Madison Cutts, father-in-law of Senator Douglas, has been appointed Second Comptroller in the U. S. Treasury Department at Washington.

LOSS OF THE CALIFORNIA MAIL.—A note from the Post Office in New York, states that the mail on the Central American contained some three thousand letters.

Stocks.

As the business at the Stock Exchange on Saturday closed the fourth week of the present money pressure, beginning with the failure of the Ohio Trust Company, on Monday, 24th ult., we present the following comparison, as showing the measure of depreciation on some of the leading bonds and shares actively dealt in,

COURSE OF PRICES—FOUR WEEKS OF THE PRESSURE

	Sat'y. Aug. 22.	Sat'y. Sep. 19		Sat'y. Aug. 22.	Sat'y. Sep. 19
N. Y. Central	77½	68	Missouris	78	70
Erie	34½	17½	Virginias	90¾	67
Reading	67½	46¾	Tens	80	76
M. Southern	47½	19	Californias	50	56
M. Central	70	55	Ill Centls	99¾	84
Ill. Central	112½	9 ¾	Eries, 1875	70	55
Rock Island	80¾	73	N. Y. Cent.	95	81
Galena	86¾	71	Wetp'n R'k	103	95
La Crosse	52	12½	Am. Ex.	110	92
Panama	90	82	Com'rce	105¾	95
Milwaukee	48	36¾	Penn. Coal	70	71
Delaware	115	106¾	Toledo	44	25¾

The depreciation on the Railway list averages something like twelve and a half per cent, on the par value, and over twenty per cent, on the current money value. The heaviest apparent fall is on Michigan Central, a dividend paying ten per cent. stock, from 75 down to 55 per cent. Two other ten per cent stocks, the Rock Island, and Galena have declined heavily, the former from 90½ down to 71 per cent; the latter from 86½ down to 71 per cent. The largest decline, on the same period is on the Illinois Central $40 shares, which from $12½ prem., are down to $9¾ discount. These shares pay 7 per cent. interest on the amount assessed. The fall on the 8 per cent. Road shares 9½ on New York Central, and 22 per cent. on Philadelphia and Reading. On the 8s10 per cent. City Bank shares, the average decline is about ten per cent. On the Bond list, Missouri 6 per cents, have fallen 8 per cent. from the previ ously low ruling; but chiefly on account of the heavy parcels of fresh stock put on sale through the agents of the various railways in process of building in the States. The sales the past week were nearly half a million, the price 71a70 ruling quite steady. On Saturday, $171,000 were taken at 70½ a71, closing 69¾ per cent.—*N. Y. Times*

From the New York Times, 23d.

The New York Banks.

The official averages of the Banks in the city of New York for the week ending Saturday, Sept. 19, present in the aggregate the following changes from the previous weekly statement of Saturday, Sept. 12:

Decrease in Loans and discounts.....$1,211,152
Increase in Specie.....1,373,329
Increase in Undrawn Deposits.....517,811
Decrease in Circulation.....248,815

The statement is stronger in specie by half a million than we had a right to look for; thus showing a continued, quiet accumulation from the interior. The actual supply of coin in bank on the morning of Saturday week was ascertained to be $13,026,000. On Saturday last, without anything from California, and with only a trifling difference in the Sub Treasury movement, the average sum was $13,556,186. This evening, with the aid of $195,000 from Havana, and $110,000 to-day from the Sub Treasury, the banks probably hold about fourteen million dollars, an accumulation of five millions since the pressure set in. The loans continue to show a decrease, but the probability is the present falling off mainly originated in the curtailment of the previous week, which was not fully shown on the last average. The undrawn deposits are looking up—the increase this week being over half a million.

FINANCIAL MATTERS IN ST. LOUIS.—We learn that on Wednesday the principal bankers in St. Louis, by agreement, threw out the bills of all the banks in Illinois and Wisconsin. As might have been expected, great excitement prevailed in business circles, as a large amount of the currency in circulation was composed of Illinois money. One very large hardware house at once closed its doors, and told its bankers that it would be impossible for it to meet its maturing paper, if the ordinary currency for which goods could be sold, were refused. We give the information as we heard it.—*Chicago Press.*

BANK OF HARTFORD COUNTY.—We are authorised by the cashier of the Rock County Bank to state that the bills of the Bank of Hartford County will be received at par by that bank payable in ninety day certificates of deposit. By this arrangement, the holders of the bills will be protected from all loss except the interest for ninety days.—*Janesville Gazette.*

RIVAL, &c.—The Mississippi River and also the St. Croix has been on a rapid rise for more than a week. Navigation is good, and a large number of rafts have been running out of the Lake.—*Prescott Trans.*

HON. ARTHUR MCARTHUR PRESIDING.

Hoel H. Camp, vs. Charles Meyer, Valentine Blatz, and Wilhelm Dregen—Jury trial. A judgment was entered against defendant by virtue of warrant of attorney, and a motion made to set aside the judgment as to the defendant, Dregen, who demand the sentence of note and and warrant of attorney. An issue was formed, and the verdict of the jury was for the plaintiff, finding the signatures of defendant Dregen to be genuine.

Geo. McWhorter vs. the City of Milwaukee, action against the city for damages, on account of injuries sustained by the plaintiff, owing to bad condition of street in 5th Ward. Trial proceeding.

☞ We had the pleasure, yesterday, of a call from SAMUEL BOWLES, Esq., long the editor of that staunch old paper, the Springfield, Mass., *Republican*, and lately the principal editor of the Boston *Traveller*. He has dissolved his connection with the latter paper, and will probably again take the helm of the *Republican*, in which he retained his interest. He wields a vigorous pen, and always on the side of right.

LIGHT GUARD BATALLION.—A meeting of the Light Guard Batallion is to be held at their Armory *this* evening at half past seven oclock. There is some talk of the Batallion visiting Janesville during the State Fair, next week.

North-Western Type Foundry.

The Type Foundry of Messrs. MILLER & STARR, on the corner of Spring and Second streets, Fourth Ward, is one of the institutions of our city. Mr. MILLER is a veteran in the trade, and when he came here, between one and two years ago, he commenced business with only one man to help him. Now he has built up an establishment which gives employment to 30 or 40 hands, and has orders enough to keep all hands busy.—There are six machines in use for casting type, and one of these will be taken to the State Fair for exhibition. The process is simple enough, and the machines throw out the bright, new type, at the rate of several hundred per minute. The *matrices* are of copper, and the best of them are imported from Scotland. Messrs. MILLER & STARR have some 5,000 of these in their Foundry. It is a note-worthy fact that German, as well as English type, is cast at this Foundry; it being one of the *four* points in the country where German type are manufactured—the other three points are New York, Philadelphia and Cincinnati. Within the current month Messrs. MILLER & STARR have furnished *three* German papers in this State with a complete outfit—all of their own manufacture. Their type is much liked by printers, has a clear face and wears well.

Besides making type, Messrs. Miller & Starr are agents for Printing Presses, &c. and can furnish, on demand, all that is needed to fit out and start a Printing Office. We can confidently and heartily commend them to our brethren of the press, in this and adjoining States, as excellent type founders, good business men, and in all respects reliable.

THE OLD FOUNDRY.—Led by curiosity, in passing that way yesterday, we dropped into the dilapidated old building on Reed street in the 5th ward, formerly the busy Menomonee Foundry and Locomotive works, and took a stroll through the deserted ruins. What a contrast there was between the animated scene which this establishment presented two years ago when we visited it, and the scene which presented itself to our view as we stood in the same spot looking at it yesterday. Then there were hundreds of mechanics busily engaged amid the din of machinery, each one at his own department,—here was a group putting the "finishing touch" upon some handsome piece of workmanship, there half a dozen others working a heavy piece of iron into shape; then in the other end of the building were a lot of men with sleeves rolled up, and the big drops of perspiration falling from their honest brows as they carried the molten iron from the roaring furnace to the moulding room, and then a little to one side was the enormous steam engine puffing away lustily as it put a thousand wheels in motion, and all was life and animation. But now how different! Not a sound to be heard in the large building. The benches are all unoccupied, the big furnace stands up all alone, but there is no roaring voice about it, and no red-hot metal running from it; the large steam boiler is there too, but the machinery and innumerable wheels which it gave life to, have given place to spider wheels and cob webs, and the whole place is silent and melancholy as a grave yard. The Menomonee Foundry, however, has only gone out of existence to give place to numerous others more thriving and prosperous, which have sprung up around it.

SPRING ST. CONGREGATIONAL CHURCH.—The beautiful building belonging to this society is so far advanced that religious services will be held in it on to morrow. The suit of basement rooms consisting of the lecture room—capable of seating a congregation of five hundred—a large conference and prayer room, a sabbath school room, and a library room for the pastor, all complete.—These are by far the best suit of rooms for the purpose in the city, and will afford good accommodations to the society until the audience room above is completed.

This church edifice is much needed in the part of the city where it is located. We understand that the society go upon the principle of not *running in debt*, and so far, their work has advanced upon that plan.

Their grounds are very ample, being one hundred and sixty feet front on Sixth street, and altogether it is one of the most valuable pieces of church property in the city.

The Rev. Dr. De Loss Love, of Berlin, Ct., will preach in the new lecture room to-morrow, morning and afternoon, and all persons interested are respectfully invited to attend.

OUR FIREMEN AT MADISON.—Speaking of the trial of skill between Engine Co. No. 2, of this city, and the Madison Fire Companies, at the Dane County Fair on Wednesday last, the *Argus* says:

"Neptune Co. of Milwaukee is composed entirely of mechanics, men strong, muscular, active and well skilled at the brakes. We understand that they have never been beaten in any trial, and they have passed through many; but they were heard after this contest to express the wish that they only had a machine as powerful as either of the others. As the case stood, neither company took the lead by more than a few inches almost."

We observe that our Chief Engineer, Mr SCHULTZ, in reply to a letter of inquiry from several citizens of Madison, expresses the opinion that the Madison fire-engines are the best he has seen in the State.

WIND FLOUR MILLS.—Mr. Wm. S. Snow, of Dixon, Ill., has recently finished several of his improved "Self Adjusting Wind Flour Mills."—The sails of the mill are governed on an entire new principle, and work successfully. Each of his mills has two run of four foot stone, and turns out from 10 to 12 bushels of wheat or corn an hour, by each run. The sails are made to reef and unreef by machinery, according to the strength of the wind, without interfering or delaying the operation of the stone. It is estimated that there is sufficient wind on the prairies, to run nine months in the year.

Five of these mills are now in operation in North-western Illinois. The last one was finished the past week at Polo, Ogle Co. They cost but a small sum, compared to steam or water. Many more are going up in the vicinity of Dixon, Illinois.

THE WEATHER—THE CROPS.—Since the equinoctial, the weather has been very fine; bright, sunshiny days, and cool, pleasant nights without a touch of frost. Crops are all matured, even the latest corn being about out of reach of the frost. We hear no complaints, except as to Potatoes, which, in some localities, are beginning to rot. The disease, however, as yet, is not wide-spread, and will, we hope, be limited in its ravages.

RESCUED FROM DROWNING—A NOBLE ACT.—On Thursday a woman fell into the Lake from Biley's Pier, at the foot of Huron street, and would have drowned but for the prompt and noble conduct of a young man named JOHN LAWLESS, who immediately swam in and rescued her from a watery grave. Such conduct merits the highest approbation, and we take pleasure in chronicling the name of this young man. He is a waiter at the Walker House.

REFORM IN PRISON.—The Rev. Mr. SPEAR, of Boston, Editor of *the Prisoner's Friend*, is now on his first visit to our city, and will deliver an address in Mr. STAPLE'S Church, Seventh Ward, to morrow evening.

Mrs. SPEAR, who is associated in the same good work, will speak at Albany Hall to-morrow afternoon, at 3 o'clock. The interest of the topics which they treat, and their familiarity with them, will, we hope, ensure Mr. and Mrs. SPEAR, a kindly hearing in our city.

Democratic Reform Meeting.

At a large and enthusiastic meeting of the Democratic electors of the First and Seventh Wards, held at the house of PETER THEIS, corner of Jackson and Ogden streets, First Ward, Alderman GREVE, of the Seventh Ward, was called to the Chair and GEO. A. MEGARRIGLE appointed Secretary. On motion, the Secretary read the Report and Resolutions adopted at the mass meeting held at Beinert's Hall, in the Second Ward, on the 15th inst., which was received with applause, and unanimously adopted.

After the adoption of the report, Hon. FRANCIS HUESSEMANN was loudly called for, and addressed the meeting with great force and eloquence in English and German. His remarks were received with frequent bursts of applause.

The meeting was also addressed by Mr. JOHN ROSENSON and others, and then adjourned with three hearty cheers for the Democratic Reform Party.

JOHN H. GREVE, Chairman.

Our Alms House Hospital.

MESSRS. EDITORS:—Of all the cities of the West, Milwaukee is justly famed for the refinement of its society and the enterprise and benevolence of its citizens.

Few cities of the same dimensions contribute as liberally to literary or Religious institutions, to Public charities, or objects of State or National improvement.

But in the midst of our in-door refinements and our out door charities, there is a dark corner of our own home which seems to have been utterly forgotten. Very few of our citizens, fewer still of the benevolent or wealthy, have ever visited the building in which the city of Milwaukee accommodates its sick poor, and no one with ordinary sensibilities and pride of home ever gave to it a thorough examination without blushing for the negligence of our City Authorities and great regret that ignorance of the matter among our citizens should allow such things to be.

Obviously and unquestionably, our Alms House Hospital is a disgrace to our beautiful city

It is located in the Northeastern part of the town, near the Hospital now being erected for the Sisters of Charity, and is an old wooden building hardly large enough for the accommodation of a poor family of ordinary size in comparative comfort.

At present, it contains from twenty to thirty invalids so crowded together that the atmosphere of some of the rooms is hardly endurable even by the well, and during the coming winter the number will probably be increased to sixty or eighty, when the whole building can be little better than the Black Hole of Calcutta.

The city owns forty acres of valuable land in the immediate vicinity of the present buildings, a sale of one-half of which would furnish ample means for the erection of a Hospital which would be an ornament and honor to Milwaukee.

Charity, it is said, begins at home, and we earnestly hope that our citizens will investigate and become interested in this matter.

OBSERVER.

Milwaukee, Sept. 24th.

THE BUCKLEY'S CONCERT.—This concert was attended last night by a large and fashionable audience. The selection of songs was generally excellent, and they were rendered in a style which frequently elicited hearty applause. Mr. F. Buckley's violin solos devoted him to be a master of his instrument.—*Chicago Journal*, of yesterday.

The BUCKLEY'S sing here on Monday evening next, at Albany Hall. They announce a first-rate entertainment.

DOWN.—The laying of the gas pipe across the river at the Spring Street bridge was completed yesterday. It is put down several feet deeper than the first pipe, by having a bed dug out for it, and also by having a joint in the center which rises above the surface of the water at the middle pier, or rather foundation, of the bridge, by means of two elbows in the pipe, so that in case it should get broken by any accident, it will be necessary to take up but one half of it.

POCKET PICKED.—The *Democrat* of last evening says: "A gentleman from La-Grange, Walworth Co., named Joel B. Norcross, had his pocket picked at the M. & M. R. R. Depot, this forenoon, just as the 11: 40 A. M. train started, of $223. No traces were discovered of thief, and Mr. N. thinks it was done while he was in the car.

LATEST NEWS!

BY MAGNETIC TELEGRAPH.

WASHINGTON, Sept. 24.—3 P. M.

Herald Correspondence.—I hear a rumor, and from a source, on which I am accustomed to place reliance, that there is some renewal of ill feelings existing between the Government of Spain and this country. Recent advices from our minister at Madrid, speak of a display of very marked indignation towards him, the cause of which has not thus far been made public. It has been suggested that Mr. Dodge must have inconsiderately approached the ministry in the subject of the purchase of the Island of Cuba

A gentleman arrived here this evening direct from Kansas. He brought despatches from Gov. Walker directed to the President. The contents will not probably be made known, until the return of the President, which will be on Monday. Everything was quiet when he left the territory. The Governor had his proclamation ready for promulgation when he left.

The quarter-master General received a despatch from New Orleans, stating that two companies had arrived there from Florida, *en route* for Kansas.

ADRIAN, Mich., Sept. 25—3 P. M.

The Michigan Southern R. R. Co.'s meeting is now in session. The following gentlemen were unanimously elected directors, over 80,000 votes being cast:

John B. Jervis, Samuel W. Comstock, Clarkson N. Potter, Robert M. Olipliant, New York city; George Bliss, Springfield, Mass.; John C. Wright, Schenectady; R. S. Burrows, Orleans county, New York; Nelson Beardslee, Auburn; John S. Prouty, Geneva, New York; Ransom Gardiner, Detroit; Schuyler Colfax, South Bend, Ind; H. Sibley, Rochester; William Wolcott, Utica.

Resolutions were passed expressing entire confidence in the new directors; that the road, by proper management, can be made to pay fair dividends; and that the general office of the company be removed to some point on the line of the road.

PHILADELPHIA, Sept. 25—3 P. M.

The Bank of Pennsylvania has suspended specie payment, by a resolution of the Board of Directors. The President says the suspension is caused by the action against it, and its losses, by the recent failures of dry goods men. He says, also, it will be only temporarily, and that the capital is untouched.

The Girard Bank is giving specie for its notes, but checks will not be honored till 1 o'clock.

There is a heavy run on the city banks, and all the counters of the banks are besieged with depositors and bill holders.

There is much alarm and almost a suspension of business.

PHILADELPHIA, Sept. 26—1:30 P. M.

The Girard Bank only is paying specie for five's and ten's. Larger notes and checks are refused.

The Commercial and other Banks are taking the same course, promising to redeem to-morrow.

The excitement is intense. The Pennsylvania Bank has the State fund, and the Girard Bank those of the city.

COLUMBUS, Sept. 25—3 P. M.

The representatives of the Railroads west of the Suspension Bridge, Buffalo, and the Ohio River, met here to day to consider the agreement of the four Eastern main lines to reduce hire, increase fare, and dispense with Western Railroad Ticket agencies in New York, and to dispense with Runners, Solicitors, and the placard system generally.

Gen. Wm. Robinson was called to the chair, and E. S. Flint and Geo. Barnes, made Secretaries.

A committee of two was appointed to report to-morrow, on the interest of the Western Convention, with reference to the new rates and the proposed reforms.

AUGUSTA, Ga., Sept. 26—3 P. M.

Col. Dell, collector of customs, Jacksonville, Florida, died suddenly on Sunday, by disease of the heart.

It is reported a malignant disease is prevail in Jacksonville, and the people of St. Mary's refused to allow people to land there. The people of Jacksonville deny that there is any sickness in their city.

NEW YORK, Sept. 25—3 P. M.

Additional names known to be lost by the *General America*:—

Capt. Dyer, Mr. Jerome, Engineer from Panama, and L. T. Delano, Boston.

TORONTO, Sept. 25—3 P. M.

The trial of the noted murderer Townsend, alias McHenry, commenced at Cahoga yesterday.—The prosecution is conducted by Gen. Smith, who has made out a strong case against him. The trial creates intense interest.

A Pension Question

WASHINGTON, Sept. 21, 1857.

The Secretary of the Interior recently submitted to the Attorney General the question whether the practice heretofore prevailing in the Pension Office of allowing the children of revolutionary soldiers to receive the pensions which their deceased parents might have received, was according to law. The Attorney General to day rendered his opinion, declaring that the practice had no legal foundation, and that neither children nor grand children have any such right under the act of Congress. The consequence of this will be to reverse a practice of the Pension Office which has continued for twenty-five years. The Attorney General gives the law, leaving that as an administration question to the Secretary himself. The opinion is an able one.

The Janus-Faced Buchanan.

The *News* officially certifies that there is but *one* JAMES BUCHANAN. It follows, of course, that this Mr. BUCHANAN must be the author of the exactly opposite opinions upon the subject of slavery, which we quoted a day two since. To be sure, these opinions were given under very different circumstances; the one set before election, the other after. And they were well-timed too, for had the opinion promulgated *after* election been announced before, the double-tongued, Janus-faced Mr. BUCHANAN would never have reached the White House.

Having decided that there is but one BUCHANAN, the *News* proceeds to defend and justify his *two* conflicting opinions. Of course, in the estimation of an obsequious Government officer, the President can do no wrong, and the *News* consequently holds that Mr. BUCHANAN was right *both* times. That is, he was right in declaring that Congress could regulate slavery in the Territories, and right in declaring that they could not. He was right in "clinging to the Missouri Compromise with greater tenacity than ever," and right in unceremoniously pitching that Compromise overboard. He was right in insisting upon fixing and maintaining a limit to the aggressions of slavery, and right in declaring that no such limit could be fixed. He was right in contending that Congress had "exclusive power" to legislate upon the subject of slavery in the Territories, and right in proclaiming that they had no power whatever in the premises. In a word, that he was right, in 1848, when he declared SLAVERY to be Sectional, FREEDOM National; and equally right in 1857, when he proclaims SLAVERY to be *National*, and FREEDOM *Sectional*.

Of these two precisely opposite and necessarily conflicting sets of opinions, the *News*, with a loyalty worthy of its livery, prefers those *last* announced, and it goes on to show why Mr. BUCHANAN's change of front on the Missouri Compromise was perfectly right and proper. We quote:

Scarcely a man or boy in the United States is ignorant of the origin of the Missouri Compromise, and how it came to be adopted. A national necessity brought it into being, just as a national necessity annulled it. No statesman at the time Missouri was admitted into the Union, believed the Compromise to be Constitutional; but Jefferson's party, with a few individual exceptions, preferred to endure an unconstitutional law, for a time, rather than see the Union divided upon the slave question.

This is an utter perversion of historical facts. Every school boy knows better. Not one of the leading statesmen who advocated the Missouri Compromise entertained any doubt of its Constitutionality, and the Cabinet of President MONROE, to whom this qestion was submitted, decided *unanimously* in the affirmative.

Again, the *News*, with like disregard of well-known facts, says:

In the interval between 1845 and the present time, the Missouri Compromise was killed. It was killed by the anti-Democratic party. Practically no plan for the regulation of the Territories existed at the time the Kansas-Nebraska bill was presented in Congress. By insisting on a total prohibition of slavery, regardless of the Missouri Compromise, the opposition had introduced confusion and all but anarchy into the councils of the Union. And hoping that the Kansas-Nebraska bill, or the principle of it, would forever settle the vexed question, the National Democracy gladly embraced it.

It was the Pro-Slavery Democracy who repealed the Missouri Compromise and thus threw down the barrier against the spread of SLAVERY. Kansas and Nebraska, being north of the line of 36° 30', were *free* under the Compromise. SLAVERY was forever prohibited in every foot of those Territories. The same "plan" existed for the regulation of the Territories," when the Kansas-Nebraska bill passed; that had been in force ever since the Union was formed. But this plan did not suit the Slavery-Propagandists of the South, nor their Doughface allies of the North.—And so the Kansas-Nebraska iniquity was cooked up; the Missouri Compromise repealed; the barriers against SLAVERY thrown down; Kansas opened its incursions, and the Federal Authority and power invoked to fasten the sin and shame of Slavery upon Free Soil. And of this deliberate crime against Freedom, Justice and Humanity, Presidents PIERCE and BUCHANAN, "Democrats" both, stand convicted before the civilized world.

Taxes! Taxes! Taxes!.

In good time the *News* calls the attention of its readers to the subject of our Taxes, and, with its usual utter disregard of facts, charges the "Black Republican administration" with imposing a heavy additional burden on the people. Hear it;

This year, when money can scarcely be obtained upon any kind of terms, under a black republican reform administration, the people of this State, will be called upon to pay *between four and five hundred thousand dollars* of state taxes.

The State Tax, this year, is $325,000—difference between the actual *fact* and the *News'* fiction—from $75,000 to $175,000—which is a fair measure of the *News'* average approximation to the truth.

But speaking of "Taxes," "extravagance" &c., look at our city administration. See how our city debt has been increased, our city expenditures multiplied, our city taxes doubled, under the administration of Mr. Cross. Who knows what is the present financial condition of our city, or who that *does* know it, wonders that our city bonds are now selling in New York at *fifty per cent* discount? We hope that the *News* will follow up the subject of these "Taxes" and show up the reckless extravagance which has beggared our city treasury and nearly ruined our city credit.

The Result in Maine.

We have nearly full returns from the late election in Maine, and they show the following results:

Governor.—Morrill, (Republican,) 49,605; Smith, (Pro-Slavery Dem.,) 37,809. Republican majority 11,796.

The remaining towns will add 500 or 1,000 to this majority.

Of the Senators elect, *twenty-nine* are Republicans, and the other two in doubt.

Of the House, the Republicans elect 113 members, the Pro-Slavery Democracy 32, and 7 to hear from.

Every County in the State, with the single exception of Aroostook (which is in doubt) has elected Republican county officers.

In short, MAINE is Republican to the core; the Republican majority being proportionally as large this year as it was even in the exciting Presidential contest of last year.

An Apology for Mayor Cross.

The *News* having announced the democratic principle, that "the attempt to elevate" the colored people, was "in striking opposition to common sense and Christian duty," thinks it necessary to make a formal apology for Mayor Cross, who last winter signed a petition to the Legislature for the passage of an act extending the right of suffrage to colored men. Here is the apology:

Like all other men who have the peace and honor of the State at heart, he preferred that this question should be settled *by the people at the ballot box*, than to have it decided by *a partisan Legislature*, where partisan motives might influence the result. Mr. Cross did not sign the petition because he was in favor of reducing white citizens and black vagrants to an equality, but simply with a view of having the question definitely settled.

This won't do. Mr. Cross knows, if the *News* does not, that the Legislature have no authority whatever to settle this question. The People alone are competent to do it. Nor we do believe that Mr. Cross was opposed to the very measure which he petitioned the Legislature to pass. This argues a degree of duplicity on his part which we are unwilling to charge him with, even upon the authority of the *News*. On the contrary, we have a right to infer and *do* infer that Mr. Cross was in favor of Free Suffrage. If not, why did he sign a petition asking the legislature to pass a Free Suffrage Act?

Wisconsin and Iowa.

The following figures exhibit the progressive growth of this State and Iowa, beginning with the census of 1840:

Year.	Wisconsin.	Year.	Iowa.
1840	30,945	1840	43,112
1842	44,478	1850	192,214
1846	155,277	1852	228,873
1847	210,405	1854	326,104
1850	305,391	1856	509,414
1855	552,109		

This shows over a million of people in 1855 in the region which in 1840 contained but 74,000. The two States, with Minnesota, now contain about a million and a half of people, and cast more than 250,000 votes. Such is the growth of the West.

It is a thousand pities that, from the fact that the next Congressional appointment will not be made till 1861, the vote of this great array of freemen, which before that time will be nearly or quite doubled, is to be nearly neutralized by the vote of South Carolina, which does not cast as large a vote as a single one of our Wisconsin districts.

THE "GREAT EASTERN" TOUR.—In addition to the arrangements made for a tour of a considerable portion of the United States and Canada, by persons making London their starting and return point, the Directors of the Great Eastern Steamship Co. are now making arrangements by which a tourist's ticket, costing about $280, will enable a person to start from any of the leading American cities, go to Portland, Me., cross the ocean in the steamer to Holyhead; and go thence to the lakes of Killarney and the Giant's Causeway. Quitting Ireland by the line of steamers from Belfast to Glasgow, the holder of the tourist ticket will be taken through the picturesque scenery of the Highlands of Scotland; thence to Edinburg. On his departure from the Land o' Cakes, he will reach London, and from there his route will be via. Folkstone and Boulogne, to Paris; thence to Geneva; thence by Basle, to Strasburg, and down the Rhine, and through Holland to Brussels and Calais—thence to London, across to Holyhead, and home again. The whole tour can be accomplished in 8 or 9 weeks, being about 9,000 miles.

BUCHANAN ENDORSED BY THE SECESSIONISTS.—The Richmond *South*, a disunion paper, expresses its great satisfaction with Mr. Buchanan's Sillimun letter; and says its friends, "the state rights democracy, those who condemned "the compromise measures of 1850, 'secessionists,' &c., * * * in approving the just sentiments contained in Mr. Buchanan's late letter, have at once shown their attachment to republican principles and their fidelity to the South."

The endorsement is very explicit, and comes from an authoritative source.

☞ The Baltimore *Clipper* gives the following euphonious names under which the different clubs of the so-called "American Party" are rallying for the campaign: Tigers, Black Snakes, Stay Laces, Plug Uglies, Rough Skins, Hard Times, Little Fellows, Blood Tubs, Dips, Rowters, and Rip Raps.

ILLNESS OF JEFFERSON DAVIS.—JEFFERSON DAVIS, late sec'y of war, who has been stumping the State of Mississippi, has been obliged by severe sickness to retire from the canvas.

Mr. Buchanan's Letter Literally Translated.

Slavery is not sectional, but national. It exists practically in Kansas, and theoretically in Nebraska, Oregon, Minnesota and New Mexico. No right thinking man can question this fact.—In order to destroy its national existence in Territories, the people thereof in the settlement of the terms with their State Constitutions must exclude it by a clause introduced for that purpose. The right, therefore, claimed by the South exists in its nationality—a right which the Northern Free-Soil Democracy at this moment deny and oppose with all their might.

We have to say that so valuable is Southern Slavery in itself, so wholesome and salutary in an industrial and social point of view, and so conservative of national, true and sound Democracy, we believe *its defense, its propagation and extension should be regarded as an essential part of the Democratic creed in all sections.*—We spurn the idea that it is sectional.

Only the other day a journal in Illinois announced itself in favor of the re-establishment of slavery in that State. Give us enough slaves; abolish the unjust and unequal laws against the African Slave trade; put an end to the present unhealthy centralizing tendency of the slaveholdership in the South, and give every industrious and thrifty white man a chance to become profitably a slaveholder, and we will not only triumphantly maintain Slavery where it is, but it will be seen to flow, like living, refreshing, and fertilizing waters, *into all our unoccupied Territory, and break over the boundaries of many of the present Free States*, regardless of the silly doctrines about climatic limits and international laws. Give us the conditions, and we vouch for the results.—[New Orleans Delta.

So talk the Southern papers, in view of BUCHANAN's recent letter. They hail this production as a remarkable triumph for them. But they are not yet satisfied. Like "the daughters of the horse leech," they clamor for more. The defense, extension and propagation of Slavery must become part and parcel of the Democratic creed—the African Slave Trade must be revived—the importation of Slaves must be encouraged; and then the *Delta* is confident that SLAVERY will not only take possession of all our unoccupied territory, but even successfully invade many of the Free States! Such are the prospects ahead which the South sees in Mr. BUCHANAN's letter. How do the FREEMEN of the North relish the promised entertainment?

OFFICIAL APOLOGY FOR THE LAST BARSTOW SWINDLE.—The Madison *Journal* of Wednesday says:

All that the *Argus* has to say, by way of apology for the infamous treatment of Dr. Percival by His Fraudulency, Barstow, is that "they"—the investigating committee—"rattled the bones of poor, old, dead Dr. Percival" to frighten people away from the "Democratic ticket!"

"Poor, old, dead Dr. Percival!" but not so poor or so old as to prevent him from being victimized, as it seems, by the corrupt and iniquitous Barstow administration.

"STOUGHTON INDEPENDENT."—Mr. H. J. WALKER has commenced the publication of a weekly paper at the thriving village of Stoughton, Dane Co. A correspondent, who is well posted in the history of the place, says:

There are now over 100 dwelling houses, with a population of 600 or 800, with 4 dry goods, 2 hardware, 1 boot and shoe, 1 drug, 1 clothing, and 1 furniture store; 2 shoe, 2 blacksmith, 1 tin, 1 wagon, 1 jeweler, and several mechanic shops. 2 good public houses, 2 livery stables, 1 saw mill and, 1 flouring mill with 4 run of stone, which is being rebuilt, and will soon be in active operation and give a new impulse to business affairs.

Connections of the M. & M. R. R. and Extension into Iowa.

WATERVILLE, Alamakee Co., Iowa, Sept. 15th, 1857.

MESSRS. EDITORS:—Considerable attention is now being directed by railroad men towards the Valley of Paint Creek, as a means of extending the Milwaukee & Mississippi R. R. through Northern Iowa and Southern Minnesota, a recent examination of which, shows a route one-third better in work, grades and curvature, than any route heretofore examined. It is desirable that a connection should be made with the Land Grant Road running up the Cedar River to St. Paul, commonly known as General Shields' Road; which road, from its easy construction and large donations of land, will probably be completed at an early day; indeed it promises to be completed the first of any of the Land Grant Roads in Minnesota. It is but 116 miles in length, has been surveyed and finally located, has a cash subscription of $250,000 from the ablest men in the Territory, of which 10 per cent. has been paid in, has a grant of land of 3,000 acres per mile, all of which has been selected and lies immediately along the line of the road, and comprises some of the choicest land in the garden of Minnesota; it has also an interest in the Grant to the Minnesota Valley Road, which is to be selected immediately on the final location of that road—in fact, its financial position and future prospects are of the most flattering character, and no one can doubt even in these tight times, but that it will be surely and speedily built.—The distance from Prairie du Chien to the southern terminus of the Land Grant Road is 88 miles by the way of Paint Creek Valley, which is on nearly an air line, and consequently the shortest route to the North-West, as well as one-third the cheapest and easiest that has been found leading westward from Prairie du Chien.

The object of this last new enterprise is to construct a road that will connect Milwaukee with St. Paul, and Milwaukee with the Missouri river. In building 88 miles, the former object is attained, and by building a branch of 125 miles, the latter will be accomplished—or in other words, if 213 miles of railroad are built, connections are had with Land Grant Roads which run to the places above named. The mouth of Paint Creek is four miles above Prairie du Chien, and opposite the upper end of the Prairie on which it is situated. At this point occurs the greatest contraction in the Mississippi River below St. Paul, its width being but 2,400 feet; below this point, the river widens into numerous channels, and averages a mile and a half wide. By the Paint Creek Valley route, the North-western country is developed, a connection is had with the entire net-work of Railways with which Minnesota is soon to be covered, and the Milwaukee & Mississippi Road insured her share of the trade of that rich and beautiful country. The magnificent Plateau on which Prairie du Chien is situated is the place to do business, and there will centre that system of railways which is destined to connect the Missouri & Minnesota rivers with Milwaukee. The preliminary surveys of the Paint Creek Valley project are now being made, commencing at Johnson's Port at the mouth of Paint Creek and running up the valley of that Creek, passing through the flourishing villages of Waterville, Wawkon, County-seat of Alamakee Co., Decorrah or Fraukville, New Oregon, &c., to Otranto, the terminus of the Land Grant Road, thence through Albert Lea and Blue Earth city to Mankato at the great bend of St. Peters or Minnesota River.

At about fifty miles from the Mississippi a branch road is projected, running through Fort Atkinson or St. George, Jacksonville, North Washington, St. Charles City, county seat of Floyd Co., and thence to Fort Dodge on the Dubuque & Pacific Land Grant road which strikes the Missouri River at Sioux City. Fort Dodge, by this connection, is forty-seven miles nearer Lake Michigan at Milwaukee than at Chicago, an inducement that will insure much trade and travel.

It is not prophesying too much to say, that the first as well as the shortest and best connection that Milwaukee will have with St. Paul, will be through Northern Iowa and Southern Minnesota, and that of the 394 miles which will complete that connection, 190 are already in successful operation, 116 have the fairest prospect of being built, and the remaining link of 88 miles is now being surveyed. A map, profile and careful estimate of its cost will soon be prepared, and the result submitted for the approval of all who are interested in the future welfare of Milwaukee. Your, &c.,

GEO. E. WOODWARD,
Chief Engineer.

LANDS FROM WHICH SHALLOW LAKES HAVE RECEDED.—Interspersed over the public domain are multitudes of shallow lakes or ponds, many of which in the early surveys were supposed to be permanent bodies of water, and meandered accordingly. But from the changes of climate, and other natural causes, many of these lakes are disappearing in whole or in part, and have become dry and arable land. This being fully established, the Commissioner of the General Land Office has decided that *no lands of this class fall under the swamp grant, nor does any right attach thereto under the riparian law*, but in all cases of the kind the lines of the surveys, under this decision, are extended over the former bodies of such lakes, and the lands are disposed of as other public domain. In all cases, however, where settlers, or other parties interested, are desirous of securing titles to such lands, application should be made to the Surveyor-General for the surveys to be executed and the proper returns made thereof to the district and general land offices, whereupon the lands will be liable to pre-emption, and, after public proclamation and ordinary entry, to private sale.—*Washington Union.*

CAPT. NOLAN'S ARABIAN.—The Arabian stallion ridden by Capt. Nolan at the murderous charge of the six hundred at Balaclava, is now owned in Covington, Ky, and received the blue ribbon at the Ohio State Fair. The Cincinnati *Gazette*, says:

George Crain rode this fine mettled steed along where the music was loudest, and the proud Arabian seemed to have reminiscences of the Crimea as the inspiring strains awakened him to lively speed before the lines of beauty.

A MOUNTAIN OF SALT.—The St. Louis *Democrat* records the discovery of a vast mass of salt in that state, near the Mississippi, and about 72 miles from St. Louis. The *Democrat* says;

The specimen before us resembles a piece of quartz rock, and is a little mixed with a substance resembling iron ore. It has a pure, sweet taste, and when ground to powder is as white as any of the table salt now in general use. If we are not misinformed, this hill of salt will prove an immense speculation to its owners, and will cheapen the price of that article very materially in this city.

THE REPUBLICAN TICKET.—We have never heard greater satisfaction expressed with a ticket than is with that of the Republicans now before the people, to be voted for in November. We have not heard a single man say anything which is disparaging to the nominations, but on the other hand it is believed no better selection at this time could have been made.

We hope to see Richland county roll up as great a majority for our candidates as she did for FREMONT. We put her down two for one. —*Richland Co. Obs.*

THE BIGGEST MASS—ONTONAGON AHEAD!—During the past week the largest piece of copper yet sent from the mines of Lake Superior was brought down from the Minesota Landing and deposited on Livermore's dock, ready for shipment. It is a fragment of the "great mass" in the Minesota mine, and weighs *eight thousand seven hundred and forty seven* pounds. It was taken from one edge of the parent mass, and is therefore not as pure as some of the metallic prisms which that mass has yielded. Yet it will undoubtedly yield as 90 per cent of ingot copper. At this rate the poice is worth as it lies on the dock some $1,900. Friend STAWSON, of the Cliff, will have to try again, or leave the broom with Ontonagon.—*Ontonagon Miner.*

President Buchanan Answered.

We do not know that a President was ever more effectually answered than President Buchanan has been in the matter of his late letter to Prof. SILLIMAN and others, by the following short article from the Boston *Advertiser*. It should mortify his friends to find him so exposed, and so justly too. Read and then judge:

It is satisfactory to have at least an open and explicit confession of faith, and exposition of policy, relating to Kansas affairs, from James Buchanan. Would that we might have had it a year ago—when he was not President of the United States, but a candidate for that high office.—The framers of Pennsylvania would then never have borne the legend which secured his election—"Buchanan, Breckenridge *and Free Kansas*"—for Mr. Buchanan says slavery now exists in Kansas and has always existed there. It has always been *struggling* Kansas—never free Kansas. "How this could ever have been seriously doubted," he says "is a mystery." There would have been no mystery if there had been no mystifiers. It was considered certain by the whole world, and never was denied, that slavery was prohibited "FOREVER" by the eighth section of the act of Congress, passed March 6, 1820; and this eighth section was in full force and effect until the passage of the act of May 30, 1854, containing the memorable provision, which we quote below in full. The singular language in which it is clothed is enough to indicate the strangeness of its purport:—

"The Constitution and all laws of the United States which are not locally inapplicable, shall have the same force and effect within the said Territory of Kansas as elsewhere within the United States, except the eighth section of the act preparatory to the admission of Missouri into the Union, approved March 6, 1820, which, being inconsistent with the principle of non-intervention by Congress with slavery in the States and Territories, as recognized by the legislation of 1850, commonly called the Compromise Measures, *is hereby declared inoperative and void*; it being the true intent and meaning of this act, not to legislate slavery into any Territory or State, nor to exclude it therefrom, but to leave the people thereof, perfectly free to form and regulate their domestic institutions, in their own way, subject only to the Constitution of the United States; *provided* that nothing herein contained shall be construed to revive or put in force any law or regulation which may have existed prior to the act of March 6, 1820, either protecting, establishing, prohibiting or abolishing slavery."

The advocates of this bill denied unanimously that its passage established or legalized slavery. They said it was its "true intent and meaning *not* to legislate slavery into" the Territory, but to leave the people free to decide whether it should exist or not; on the assumption, of course, that it was an open question. Neither Mr. Buchanan nor any Northern Democrat would have ventured during the pendency of the Kansas Nebraska bill, to assert that slavery already existed in the region solemnly dedicated to freedom by the Missouri Compromise. The advocates of that bill only pretended to ask an opportunity for the people to establish slavery if they chose. Now we are told by the chief magistrate of the nation that slavery was already established there—that it existed in the whole of the domain acquired from France, and that it still continues to exist in Kansas and Nebraska—and this proposition is mentioned as being clear, certain, and indisputable. "How it could ever have been seriously doubted," says the President, "is a mystery."

The Republican Ticket.

The Republican ticket will be found at the head of our editorial columns; and we can only say this week, we hope every Republican, who would resist the sham Democracy in their efforts to aid the South to subject Kansas to slavery, will give it a hearty support. We are personally unacquainted with most of the candidates on the ticket; but we find that the nominations are endorsed by the Republican press of the State with a unanimity and heartiness which we have seldom known; and this, we think, should give the people confidence in the ticket. But, while we say this generally of the ticket, and while we know of no candidate whom we think an exception, we we must say, as we have always said—we think it the duty of every voter, while supporting his principles by supporting his ticket, to strike from that ticket the name of any person whom he honestly believes unworthy of the office to which he is nominated. We shall look for a big majority on the Republican ticket this fall.—*Kilbourn City Mirror.*

OUR TICKET.—It would have been a pleasure to us to have given our readers, and especially our Republican ones, the result of the Convention, which has just given to us a ticket which excites alike our pride, our admiration and our earnest endeavors for its success, in our first issue. As this pleasure was not ours *then*, it is now increased by the lapse of time, and the acquaintances we have made and the knowledge we have gleaned of the new State, in which, as a denizen, we have cast our lot for all future. The ticket meets, because it merits, a warm reception on the part of the republicans here, and whilst we do not exhibit that enthusiasm that may prevail in denser portions of the State, and where of course, Republicans are much more numerous, we are lacking neither in energy or determination to place the issues of the battle upon the strength and justness of our cause, and go into the fight with "do or die" inscribed on our banners, having confidence both in our leaders and the result. Our cause is the cause of truth—our leaders are its champions—it is mighty and must prevail.—*Superior Repub.*

THE DAILY SENTINEL.

Anecdote of Revolutionary Times.

Three British Lieutenants, in relic and glee,
Were roaming a planter's broad acres,
And they sneered at the *boors* who dared to be free,
And they laughed at the quiet old Quakers.

My Grandfather met them—a patriarch drest
As simply as any old woman—
And they whispered in triumph: "there is food for our jest,
"Let us puzzle this ignorant woman!"

"O Abraham!" "Isaac!" and "Jacob!" cried they,
In Latin, and French, and in German,
"Come answer my query to us, you baby is all gray,
And more with the dews of Mount Hermon."

"From the Isles of Judea," he answered in *Greek*,
"I am surely thy servant as Saul;
My father is Rich, and he sent me to seek
"For his asses; so I *here are they all.*"
—*New York Evening Post.* Ion.

Gen. Jackson's Toilet.

The N. Y. Herald is accountable for the following narrative of an interview between the present President, as the chaperon of a fair lady, to the acquaintance of General Jackson. This article says:

"The general temper of the President—his easy, pleasant manners and racy conversation—have always rendered him a great favorite in society abroad as well as at home, and a few of our public men have laid up such a stock of amusing and valuable reminiscences. There is one anecdote which he tells of Gen. Jackson, which is so characteristic of the old hero that it is worth preserving. The President relates that one day during the administration of Old Hickory, he went to the White House to ask permission to present to him the celebrated Miss Betsy Caton. General Jackson readily assented, and named next day for the interview. At the appointed hour Mr. Buchanan repaired with his fair charge to the Presidential mansion, and leaving the lady in one of the drawing rooms he mounted to the private cabinet of the President. To his great surprise and disappointment, he found the General buried in his books and papers and attired in a plain morning dress, his chin unshaved and his favorite pipe in his mouth. The Senator from Pennsylvania was grievously embarrassed. He was apprehensive that if he announced Miss Caton's presence the gallant veteran would despise such an *negligee* as he was. Mr. Buchanan did not like to expose the redowned belle to such a shock as that, and on the other hand, he equally dreaded offering a suggestion on the subject to the fiery old war horse. There was no alternative, however, and he had to state that Miss Caton was waiting the General's presence in the green drawing room. Up jumped Old Hickory at the first word, and laid down his pipe. There was not a moment to be lost, so Mr. Buchanan, in a timid and apologetic manner, ventured to observe that "the lady could very well wait till the President had shaved himself."—The General saw what he was driving at, and shook his frizzly head at him like the mane of an enraged lion. "Buchanan," thundered out the impetuous old man, "did you ever hear of the man in Kentucky who got rich by minding his own business!" Without stopping to say whether he was acquainted with the remarkable individual in question, the experienced Senator fled from the storm and took refuge with his lovely companion down stairs. In a few minutes afterwards the hero of New Orleans entered the room with that dignity of manner which no man knew better how to assume, and great was Mr. Buchanan's relief to find that not only was his face quite virginal in its smoothness, but that he was got up in his best black suit, with boots of fault less radiance.
